

Do Western manufacturers have a path to profitable growth? You bet! Squeezed by intense price pressure and structurally high labor costs, there is a challenge but they can adapt and win in a big way. Learn about "High-Cost Country Sourcing" (HCCS) in [Boston Strategies International's article on High-Cost Country Sourcing in Supply Chain Management Review](#).

September 17-18: *Ports Can Increase Margins Through End-to-End Supply Chain Management*, Keynote presentation, [PorTech Asia 2008](#), Tianjin, China.

September 24-26, 2008: *Strategically Sourcing Transportation: Competition vs. Cooperation*, Keynote presentation, Southwest Supply Management Conference, [Institute for Supply](#)

Capacity Crunch in Mill Rolls & Bearings

Industry Research: Mill Rolls

This report takes a long view of this unique industry in which leadtimes are stretching into 2012 and availability is uncertain. The study explores the market for mill rolls from 2008 to 2014 and provides a rare and valuable ranking of the world's top 20 mill roll suppliers. To purchase this report, visit us at www.bostonstrategies.com/research.

Industry Research: Bearings

This report analyzes and forecasts the demand for Large-Bore Antifriction Bearings, based on "hard" numbers for the industries that are driving the demand. This study explores the market for mill rolls in detail from 2008 to 2014 and includes valuable data available nowhere else. To purchase this report, please visit us at www.bostonstrategies.com/research.

End-to-End Asset Management

Most conventional thinking on fleet management is about the efficiency of the assets themselves. But fleet management is really a path toward optimization of the entire logistic system. Forward-thinking companies are designing and applying more comprehensive solutions. [Click here to read the article in Logistics Digest Magazine](#).

Outsourcing: It's Not About Cost!

When companies hire third party logistics providers (3PLs), they often gain capabilities, flexibility, and
